THE OPPORTUNITY

Still offers your parish a unique promo code. When families sign up at **stillprayer.app** using your code, **30% of every membership payment goes directly to your youth ministry** — recurring, for as long as they remain members. No selling. No events. No overhead.

WHAT STILL OFFERS YOUR FAMILIES

- **The Daily Office** — Vespers, Lauds, and Vigils with proper daily texts from the traditional 1960 Roman Breviary, in Latin and English. The prayer changes every day.
- **The Rosary** — guided meditations drawn from the Doctors of the Church, saints, and sacred scripture.
- **Contemplative sitting** — guided prayer in the hesychast tradition, with Amma Sophia and Deeper reflection.
- **Prayer bells** — a monastery bell ringing the Hours throughout the day, calling families back to prayer.
- **Available everywhere** — web, iPhone, and Android.

HOW IT WORKS

1. Your parish receives a unique promo code — for example, **HOLYCROSS**.
2. Families sign up at **stillprayer.app** and enter your code in Settings.

3. They receive two free weeks of full access.
4. When they subscribe, your ministry starts earning — every month, automatically.
5. Track your members and earnings anytime at **stillprayer.app/partners**.

YOUR CODE, YOUR APPROACH

How you share Still is entirely your call — a mention from the pulpit, the parish bulletin, your youth group newsletter, a table after Mass, or a post in your parish group chat. There's no script, no minimum, no timeline. Share it when and how it fits your community.

ABOUT STILL

Still was built by Matt Proia, a Colorado-based Catholic developer who spent five years discerning monastic life at Mepkin Abbey, a Trappist monastery in South Carolina, before marrying. The app grew out of that formation — an attempt to bring the contemplative life of the monastery into the home, drawn entirely from the living tradition of the Church.
